A MEDICAL REVOLUTION? THE WORLD UNANIMOUS

HOLLOWAY'S OINTMENT THE GREAT COUNTER IRRITANT

The virtue of disease often makes its way to the internal organs through the porces of the skin. This penetrating Olutment, melting un-ler the hand as it is rubbed in, is absorbed thro der the hand as it is rubbed in, is absorbed thro
the same channels, and, reaching the seat of indamation, promply and invariably subdues it,
whether located in the kidneys, the liver, the
lungs, or any other important organ. It penetrates the surface to the interior, through the
countless tubes that communicate with the skin
as summer rain passes into the fevered earth,
diffusing its cool and regenerating influence.

ULCERS, SORES AND TUMORS. The effect of this unrivaled external remedy upon Scrotula, and other virulent ulcers and sores, is almost miraculous. It first discharges the poison which produces suppuration and proud flesh, and thus the cares which its healing properties afterward complete are safe as well as

Wounds, Braisos, Burgs and Scalds.

In cases of the fracture of bones, injuries caused by steam explosions, Burgses, Burks, Scalbe, Rueumatise, Stippeness of the Joints, and contraction of the sinews, it is employed and warmly recommended by the faculty. This marvelous remedy has been introduced by its inventor in person into all the lending Hospitals of Europe, and no private household should be without it. UNDENIABLE TESTIMONY.

The Medical Staff of the French and English Armies in the Crimea bave officially signed their approval of Hollaway's Ointment, as the most reliable dressing for sabre cuts, stabs, and gun
